GENERAL

1. The Rules of the House of Representatives, as applicable, shall govern the committee and its subcommittees. The rules of the committee, as applicable, shall be the rules of its subcommittees except that a motion to recess from day to day and a motion to dispense with the first reading (in full) of a bill or resolution, if printed copies are available, are nondebatable motions of high privilege in the Committee.

COMMITTEE MEETINGS

Time and Place

2. Unless dispensed with by the Chairman, the meetings of the committee shall be held on the 1st and 3rd Tuesday of each month the House is in session at 10:00 a.m. and at such other times and in such places as the Chairman may designate.

3. The Chairman of the committee may convene as necessary additional meetings of the committee for the consideration of any bill or resolution pending before the committee or for the conduct of other committee business.

*4. The committee shall make public announcement of the date, time, place and subject matter of any of its hearings at least one week before the commencement of the hearing. If the Chairman determines that there is good cause to begin the hearing sooner, he shall make the announcement at the earliest possible date. Any announcement made under this subparagraph shall be promptly published in the Daily Digest, and promptly entered into the scheduling service of the House Information Systems.

*5. The committee may sit while the House is reading a measure for amendment under the 5-minute rule, provided 10 or more Members on the House floor do not object when special leave for such committee or subcommittee to sit is requested.

Ranking Majority Member to Preside in Absence of Chairman

*6. If the Chairman of the committee is not present at any meeting of the committee, the ranking Member of the Majority Party on the committee who is present shall preside.

Order of Business

*7. The order of business and procedure of the committee and the subjects of inquiries or investigations will be decided by the Chairman, subject always to an appeal to the committee.

---

*Indicates rules applicable to subcommittees.

Membership

8. A majority of the Majority Members of the committee shall determine an appropriate ratio of Majority to Minority Members for each subcommittee and shall authorize the Chairman to negotiate that ratio with the Minority Party; *Provided, however,* that party representation on each subcommittee (including any ex-officio Members) shall be no less favorable to the Majority Party than the ratio for the full committee. *Provided, further* that recommendations of conferees to the Speaker shall provide a ratio of Majority Party Members to Minority Party Members which shall be no less favorable to the Majority Party than the ratio for the full committee.

Special Meetings

9. Rule XI 2(c)(2) of the Rules of the House of Representatives is hereby incorporated by reference (Special Meetings).

COMMITTEE PROCEDURES

Quorum

*10. One-third of the Members of the committee shall constitute a quorum for all purposes except that a majority must be present in order to: (1) report or table any legislation, measure or matter; (2) close committee meetings or hearings; or (3) authorize the issuance of subpenas.

*11. The number of Members to constitute a quorum for taking testimony and receiving evidence shall not be less than two.

Proxies

*12. Any Member may authorize a vote by proxy with respect to any measure or matter before the committee. Such proxy authorization shall be in writing, shall assert that the Member is absent on official business or is otherwise unable to be present at the meeting of the committee, shall designate the person who is to execute the proxy authorization, and shall be limited to a specific measure or matter and any amendments or motions pertaining thereto; except that a Member may authorize a general proxy only for motions to recess, adjourn or other procedural matters. Each proxy to be effective shall be signed by the Member assigning his or her vote, filed with the committee clerk, and shall contain the date and time of day that the proxy is signed. Proxies may not be counted for a quorum.

Witnesses

*13. The committee shall, insofar as is practicable, require each witness who is to appear before it to file with the committee (in advance of his or her appearance) a written statement of the proposed testimony and to limit the oral presentation at such appearance to a summary of his or her statement.

*14. Whenever any hearing is conducted by the committee on any measure or matter, the Minority Members of the committee

---

*Indicates rules applicable to subcommittees.

shall be entitled, upon request to the Chairman by a majority of them, before the completion of the hearing, to call witnesses selected by the Minority to testify with respect to the measure or matter during at least one day of hearing thereon.

Investigative Hearing Procedures

*15. Rule XI 2(k) of the Rules of the House of Representatives is hereby incorporated by reference (rights of witnesses under subpena).

Subject Matter

*16. Bills and other substantive matters may be taken up for hearing only when called by the Chairman of the committee or by a majority vote of a quorum of the committee, except those matters which are the subject of special-call meetings outlined in Rule 9.

17. No private bill will be reported by the committee if there are two or more dissenting votes. Private bills so rejected by the committee will not be reconsidered during the same Congress unless new evidence sufficient to justify a new hearing has been presented to the committee.

*18. (a) It shall not be in order for the committee to consider any new or original measure or matter unless written notice of the date, place and subject matter of consideration and to the extent practicable, a written copy of the measure or matter to be considered, has been available in the office of each Member of the committee for at least three calendar days in advance of consideration, excluding Saturdays, Sundays and legal holidays.

(b) Notwithstanding the foregoing sections of this rule, consideration of any legislative measure or matter by the committee shall be in order by vote of two-thirds of the Members present, provided that a majority of the committee is present.

Open Meetings

*19. Each meeting for the transaction of business, including the markup of legislation, of the committee shall be open to the public except when the committee, in open session and with a quorum present, determines by roll call vote that all or part of the remainder of the meeting on that day shall be closed to the public. No person other than Members of the committee and such congressional staff and such departmental representatives as they may authorize shall be present at any business or markup session which has been closed to the public. This paragraph does not apply to open committee hearings which are provided for by Rule 20 contained herein, or to any meeting that relates solely to internal budget or personnel matters.

*20. Each hearing conducted by the committee shall be open to the public except when the committee, in open session and with a quorum present, determines by roll call vote that all or part of the remainder of that hearing on that day shall be closed to the public because disclosure of testimony, evidence or other matters to be considered would endanger the national security or would violate

---

*Indicates rules applicable to subcommittees.

any law or rule of the House of Representatives. Notwithstanding the requirements of the preceding sentence, and Rule 10, a majority of those present, there being in attendance the requisite number required under the rules of the committee to be present for the purpose of taking testimony:

(A) may vote to close the hearing for the sole purpose of discussing whether testimony or evidence to be received would endanger the national security or violate Rule XI 2(k)(5) of the Rules of the House of Representatives; or

(B) may vote to close the hearing, as provided in Rule XI 2(k)(5) of the Rules of the House of Representatives. No Member may be excluded from nonparticipatory attendance at any hearing of any committee or subcommittee, unless the House of Representatives shall by majority vote authorize a particular committee or subcommittee, for purposes of a particular series of hearings on a particular article of legislation or on a particular subject of investigation, to close its hearings to Members by the same procedures designated in this subparagraph for closing hearings to the public: *Provided, however,* That the committee or subcommittee may by the same procedure vote to close one subsequent day of hearing.

Requests for Roll Call Votes

21. A roll call of the Members may be had at the request of three or more Members.

Committee Records

*22. The committee shall keep a complete record of all committee action which shall include a record of the votes on any question on which a roll call vote is demanded. The result of each roll call shall be made available by the committee for inspection by the public at reasonable times in the offices of the committee. Information so available for public inspection shall include a description of the amendment, motion, order or other proposition and the name of each Member voting for and each Member voting against such amendment, motion, order or proposition, and the names of those Members present but not voting.

Publication of Committee Hearings

*23. The transcripts of those hearings conducted by the Committee which are decided to be printed will be published in verbatim form, with the material requested for the record inserted at that place requested, or at the end of the record, as appropriate.

Any requests by those Members, staff or witnesses to correct any errors, other than errors in transcription, or disputed errors in transcription, will be appended to the record, and the appropriate place where the change is requested will be footnoted.

Prior to approval by the Chairman of hearings conducted jointly with another Congressional committee, a memorandum of understanding will be prepared which incorporates an agreement for the publication of the verbatim transcript.

---

*Indicates rules applicable to subcommittees.

5-Minute Rule During Committee Proceedings

*24. The time any one Member may address the committee on any bill, motion or other matter under consideration by the committee or the time allowed for the questioning of a witness at hearings before the committee will be limited to five minutes, and then only when the Member has been recognized by the Chairman, except that this time limit may be waived by the Chairman or acting Chairman. The rule of germaneness will be enforced by the Chairman.

Requests for Written Motions

*25. Any legislative or non-procedural motion made at a regular or special meeting of the committee and which is entertained by the chairman shall be presented in writing upon the demand of any Member present and a copy made available to each Member present.

SUBCOMMITTEES

Structure and Jurisdiction

26. The committee shall have the following standing subcommittees with the jurisdiction indicted.

(a) Subcommittee on Energy Development and Application. Legislation, general and special oversight and all other matters relating to research, development and demonstration programs in fossil energy R&D; solar applications; solar technology; advanced energy technology; energy conservation; biomass; basic energy sciences; high energy and nuclear physics; geothermal energy; international cooperation in non-nuclear energy; and policy and management programs of the Department of Energy.

(b) Subcommittee on Natural Resources, Agriculture Research and Environment. Legislation, general and special oversight and all other matters relating to natural resources, including, but not limited to, water research, and, to the extent appropriate, agriculture R&D; legislation, risk assessment and other matters relating to environmental research and development generally—including, but not limited to, research and development activities of the Environmental Protection Agency; environmental health, safety, life sciences, pharmaceutical and medical activities of Executive departments and agencies, as appropriate; operational and research and development activities related to the atmosphere (including meteorology, aeronomy, climate, weather modification); those ocean R&D activities related to the quality and management of the environment of the National Oceanic and Atmospheric Administration; and earth observing systems.

(c) Subcommittee on Energy Research and Production. Legislation, general and special oversight and all other matters relating to research, development and demonstration involving nuclear fission and the nuclear fuel cycle; nuclear fusion, electric energy systems; energy storage systems; hydroelectric energy systems; international cooperation in nuclear matters (except for exports of nuclear tech-

---

*Indicates rules applicable to subcommittees.

nology and hardware); and policy and management programs of the Department of Energy.

(d) Subcommittee on Science, Research and Technology. Legislation, general and special oversight and all other matters relating to the National Science Foundation; the National Bureau of Standards; the Office of Science and Technology Policy; the Office of Technology Assessment; scientific research and development and applications; science policy; scientific resources (including manpower); science education; science information and information sciences; technology transfer; technology assessment; innovation, productivity, and industrial R&D; standards (weights, measures, etc.); patent policies as they relate to Federal research and development programs; R&D involving governmental health, nutritional and handicapped programs; biotechnology; intergovernmental mechanisms for R&D; and international cooperation in science and technology.

(e) Subcommittee on Transportation, Aviation and Materials. Legislation, general and special oversight and all other matters relating to civil aviation research and development (includes aeronautical research and technology programs of the National Aeronautics and Space Administration and research and development programs of the Feederal Aviation Administration); transportation programs of the Department of Energy; aviation-weather services; materials R&D and national materials policies, both domestic and international; oversight of surface transportation research and development programs of the Department of Transportation, Urban Mass Transportation Administration, Federal Railroad Administration, Federal Highway Administration, National Highway Traffic Safety Administration, and Coast Guard and the Maritime Administration; oversight of research and development in communications other than that for which the Subcommittee on Space Sciences and Applications is responsible.

(f) Subcommittee on Investigations and Oversight. Review and study, on a continuing basis, of the application, administration, execution, and effectiveness of those laws, or parts of laws, the subject matter of which is within the jurisdictioin of the committee and the organization and operation of the Federal and private agencies and entities having responsibilities in or for the administration and execution thereof, in order to determine whether such laws and the programs thereunder are being implemented and carried out in accordance with the intent of the Congress. In addition, the Subcommittee on Investigations and Oversight and the appropriate subcommittee with legislative authority may cooperatively review and study any conditions or circumstances which indicate the necessity or desirability of enacting new or additional legislation within the jurisdiction of the committee, and may undertake futures research and forecasting on matters within the jurisdiction of the committee. The Subcommittee on Investigations and Oversight shall in no way limit the responsibility of other subcommittees from carrying out their oversight responsibilities, nor shall any investigation be undertaken by the Subcommittee on Investigations and Oversight without (a) consultation with the Chairman of the appropriate subcommittee with legislative authority and (b) approval of the Chairman of the committee.

(g) Subcommittee on Space Science and Applications. Legislation, general and special oversight and all other matters relating to the National Aeronautics and Space Administration (except aeronautical research and technology); national programs of research and development in space exploration and control, space applications, space commercialization, space communications and related matters; and earth observing systems.

Referral of Legislation

27. All legislation and other matters referred to the committee shall be referred to all subcommittees of appropriate jurisdiction within two weeks unless, by a majority vote of the Majority Members of the full committee, consideration is to be by the full committee. Subcommittee chairmen may make requests for referral of specific matters to their subcommittee within the two-week period if they believe subcommittee jurisdictions so warrant.

Ex Officio Members

28. The Chairman and Ranking Minority Member shall serve as ex officio Members of all subcommittees and shall have the right to vote and be counted as part of the quorum on all matters before the subcommittee.

Procedures

29. No subcommittee shall meet for markup or approval when any other subcommittee of the committee is meeting to consider any measure or matter for markup or approval.

30. Each subcommittee is authorized to meet, hold hearings, receive evidence, and report to the committee on all matters referred to it. Each subcommittee shall conduct legislative and general oversight, inquires for the future and forecasting, and budget impact studies on matters within their respective jurisdictions. Subcommittee chairmen shall set meeting dates after consultation with the Chairman and other subcommittee chairmen with a view toward avoiding simultaneous scheduling of committee and subcommittee meetings or hearings wherever possible.

31. Any Member of the committee may have the privilege of sitting with any subcommittee during its hearings or deliberations and may participate in such hearings of deliberations, but no such Member who is not a member of the subcommittee shall vote on any matter before such subcommittee, except as provided in Rule 28.

32. During any subcommittee proceeding for markup or approval, a roll call vote may be had at the request of one or more Members of that subcommittee.

Power to Sit and Act; Subpena Power

33. Rule XI 2(m) of the Rules of the House of Representatives is hereby incorporated by reference (power to sit and act; subpena power).

National Security Information

*35. All national security information bearing a classification of secret or higher which has been received by the committee or a subcommittee shall be deemed to have been received in Executive Session and shall be given appropriate safekeeping. The Chairman of the full committee may establish such regulations and procedures as in his judgment are necessary to safeguard classified information under the control of the committee. Such procedures shall, however, ensure access to this information by any Member of the committee, or any other Member of the House of Representatives who has requested the opportunity to review such material.

Sensitive or Confidential Information Received Pursuant to Subpoena

*35. Unless otherwise determined by the committee or subcommittee, certain information received by the committee or subcommittee pursuant to a subpoena not made part of the record at an open hearing shall be deemed to have been received in Executive Session when the Chairman of the full committee, in his judgment, deems that in view of all the circumstances, such as the sensitivity of the information or the confidential nature of the information, such action is appropriate.

REPORTS

Substance of Legislative Reports

36. The report of the committee on a measure which has been approved by the committee shall include the following, to be provided by the committee:

(A) the oversight findings and recommendations required pursuant to Rule X 2(b)(1) of the Rules of the House of Representatives, separately set out and identified [Rule XI 2 (l)(3)(A)];

(B) the statement required by section 308(a) of the Congressional Budget Act of 1974, separately set out and identified, if the measure provides new budget authority or new or increased tax expenditures [Rule XI 2(l)(3)(B)];

(C) a detailed analytical statement as to whether the enactment of such bill or joint resolution into law may have an inflationary impact on the national economy, [Rule XI 2(l)(4)];

(D) with respect to each roll call vote on a motion to report such bill or resolution, the total number of votes cast for and the total number of votes cast against the reporting of such bill or resolution, [Rule XI 2(l)(2)(B)];

(E) the estimate and comparison prepared by the committee under Rule XIII 7(a) of the Rules of the House of Representatives, unless the estimate and comparison prepared by the Director of the Congressional Budget Office prepared under subdivision (A) of Rule 34 has been timely submitted prior to the filing of the report and included in the report [Rule XIII 7]; and

---

*Indicates rules applicable to subcommittees.

(F) in the case of a bill or joint resolution which repeals or amends any statute or part thereof, the text of the statute or part thereof which is proposed to be repealed, and a comparative print of that part of the bill or joint resolution making the amendment and of the statute or part thereof proposed to be amended, [Rule XIII 3].

37. (a) The report of the committee on a measure which has been approved by the committee shall further include the following, to be provided by sources other than the committee:

(A) the estimate and comparison prepared by the Director of the Congressional Budget Office required under section 403 of the Congressional Budget Act of 1974, separately set out and identified, whenever the Director (if timely submitted prior to the filing of the report) has submitted such estimate and comparison of the committee, [Rule XI 2(l)(3)(C)];

(B) a summary of the oversight findings and recommendations made by the Committee on Government Operations under Rule X 2(b)(2) of the Rules of the House of Representatives, separately set out and identified, [Rule XI 2(l)(3)(D)].

(b) Notwithstanding the foregoing sections of this rule, if the committee has not received prior to the filing of the report the material required under subdivisions (A) and (B) of this rule, then it shall include a statement to that effect in the report on the measure.

Minority and Additional Views

38. If, at the time of approval of any measure or matter by the committee, any Member of the committee gives notice of intention to file supplemental, minority, or additional views, that Member shall be entitled to not less than 3 calendar days (excluding Saturdays, Sundays, and legal holidays) in which to file such views, in writing and signed by that Member, with the clerk of the committee. All such views so filed by one or more Members of the committee shall be included within, and shall be a part of, the report filed by the committee with respect to that measure or matter. The report of the committee upon that measure or matter shall be printed in a single volume which shall include all supplemental, minority, or additional views which have been submitted by the time of the filing of the report, and shall bear upon its cover a recital that any such supplemental, minority, or additional views (and any material submitted under subdivisions (A) and (B) of Rule 34) are included as part of the report. However, this rule does not preclude (1) the immediate filing or printing of a committee report unless timely request for the opportunity to file supplemental, minority, or additional views has been made as provided by this subparagraph or (2) the filing by the committee of any supplemental report upon any measure or matter which may be required for the correction of any technical error in a previous report made by that committee upon that measure or matter.

39. The Chairman of the committee or subcommittee, as appropriate, shall advise Members of the day and hour when the time for submitting views relative to any given report elapses. No supplemental, minority, or additional views shall be accepted for inclusion in the report if submitted after the announced time has

elapsed unless the Chairman of the committee or subcommittee, as appropriate, decides to extend the time for submission of views beyond 3 days, in which case he shall communicate such fact to Members, including the revised day and hour for submissions to be received, without delay.

Consideration of Subcommittee Reports

40. Reports and recommendations of a subcommittee shall not be considered by the full committee until after the intervention of three calendar days, excluding Saturdays, Sundays and legal holidays, from the time the report is submitted and printed hearings thereon shall be made available, if feasible, to the Members, except that this rule may be waived at the discretion of the Chairman.

Timing and Filing of Committee Reports

41. It shall be the duty of the Chairman to report or cause to be reported promptly to the House any measure approved by the committee and to take or cause to be taken the necessary steps to bring the matter to a vote.

42. The report of the committee on a measure which has been approved by the committee shall be filed within seven calendar days (exclusive of days on which the House is not in session) after the day on which there has been filed with the clerk of the committee a written request, signed by a majority of the Members of the committee, for the reporting of that measure. Upon the filing of any such request, the clerk of the committee shall transmit immediately to the Chairman of the committee notice of the filing of that request.

43. Any committee or subcommittee report published by the committee shall follow the same procedures for its approval, including the opportunity to submit views, as is followed in the case of a report accompanying a bill or resolution which has been approved by the committee.

MEDIA COVERAGE

*44. The committee may permit, by majority vote, hearings or meetings which are open to the public to be covered in whole or in part by television, radio and still photography—or by any such methods of coverage—in accordance with Rule XI (3) of the Rules of the House of Representatives, provided, that the Chairman shall determine, in his or her discretion, the number of television and still cameras permitted in a hearing or meeting room.

---

*Indicates rules applicable to subcommittees.○

LEGISLATIVE AND OVERSIGHT JURISDICTION OF THE COMMITTEE ON SCIENCE AND TECHNOLOGY

"RULE X. ESTABLISHMENT AND JURISDICTION OF STANDING COMMITTEES

"The Committees and Their Jurisdiction.

"1. There shall be in the House the following standing committees, each of which shall have the jurisdiction and related functions assigned to it by this clause and clauses 2, 3, and 4; and all bills, resolutions, and other matters relating to subjects within the jurisdiction of any standing committee as listed in this clause shall (in accordance with and subject to clause 5) be referred to such committees, as follows:

* * * * * * *

(r) Committee on Science and Technology.

(1) Astronautical research and development, including resources, personnel, equipment, and facilities.

(2) Bureau of Standards, standardization of weights and measures and the metric system.

(3) National Aeronautics and Space Administration.

(4) National Aeronautics and Space Council.

(5) National Science Foundation.

(6) Outer space, including exploration and control thereof.

(7) Science Scholarships.

(8) Scientific research, development, and demonstration, and projects therefor, and all federally owned or operated nonmilitary energy laboratories.

(9) Civil aviation research and development.

(10) Environmental research and development.

(11) All energy research, development, and demonstration, and projects therefor, and all federally owned or operated nonmilitary energy laboratories.

(12) National Weather Service.

In addition to its legislative jurisdiction under the preceding provisions of this paragraph (and its general oversight function under clause 2(b)(1)), the committee shall have the special oversight function provided for in clause 3(f) with respect to all nonmilitary research and development.

* * * * * * *

"SPECIAL OVERSIGHT FUNCTIONS

"3. (f) The Committee on Science and Technology shall have the function of reviewing and studying, on a continuing basis, all laws, programs, and Government activities dealing with or involving nonmilitary research and development."
